

MECKLENBURG ELECTRIC COOPERATIVE

SCHEDULE SL STREET, HIGHWAY, AND OUTDOOR LIGHTING SERVICE

AVAILABILITY

This schedule is available to any consumer for street, highway, and outdoor lighting service.

CHARGES

There will be an annual charge based on photoelectric cell operation giving an annual operating time of approximately 4,000 hours. The rates shown in this schedule apply to installations made on the Cooperative's existing facilities. Additional facilities required to provide service to a light shall be paid for in the form of a contribution-in-aid of construction and execution of a contract.
